20 PARTIES

21 1. Kimberly Kirchmeyer (Complainant) is the Executive Director of the Medical Board

1 CULPABILITY

2 9. Respondent understands and agrees that the charges and allegations in Accusation
3 No. 03-2013-230083, if proven at a hearing, constitute cause for imposing discipline upon her
4 Physician's and surgeon's certificate.

5 10. For the purpose of resolving the Accusation without the expense and uncertainty of
6 further proceedings, Respondent agrees that, at a hearing, Complainant could establish a factual
7 basis for the charges in the Accusation, and that Respondent hereby gives up her right to contest
8 those charges.

9 11. Respondent agrees that her Physician's and surgeon's certificate is subject to
10 discipline and she agrees to be bound by the Board's probationary terms as set forth in the
11 Disciplinary Order below.

12 CONTINGENCY

14 and agrees that counsel for Complainant and the staff of the Board may communicate directly
15 with the Board regarding this stipulation and settlement, without notice to or participation by

6 been approved by the Board or its designee had the course been taken after the effective date of
7 this Decision.

8 Respondent shall submit a certification of successful completion to the Board or its
9 designee not later than 15 calendar days after successfully completing the course, or not later than
10 15 calendar days after the effective date of the Decision, whichever is later.

11 5. PRACTICE MONITORING. Within 30 calendar days of the effective date of this
12 Decision, Respondent shall submit to the Board or its designee for prior approval as a practice
13 monitor(s), the name and qualifications of one or more licensed physicians and surgeons whose
14 licenses are valid and in good standing, and who are preferably American Board of Medical
15 Specialties (ABMS) certified. A monitor shall have no prior or current business or personal

1 make all records available for immediate inspection and copying on the premises by the monitor
2 at all times during business hours and shall retain the records for the entire term of probation.

3 If Respondent fails to obtain approval of a monitor within 60 calendar days of the effective
4 date of this Decision, Respondent shall receive a notification from the Board or its designee to

11 safely. It shall be the sole responsibility of Respondent to ensure that the monitor submits the
12 quarterly written reports to the Board or its designee within 10 calendar days after the end of the
13 preceding quarter.

14 If the monitor resigns or is no longer available, Respondent shall, within 5 calendar days of

3 Chief Executive Officer at every hospital where privileges or membership are extended to
4 Respondent, at any other facility where Respondent engages in the practice of medicine,
5 including all physician and locum tenens registries or other similar agencies, and to the Chief
6 Executive Officer at every insurance carrier which extends malpractice insurance coverage to

11 prohibited from supervising physician assistants.

13 governing the practice of medicine in California and remain in full compliance with any court
14 ordered criminal probation, payments, and other orders.

15 9. QUARTERLY DECLARATIONS. Respondent shall submit quarterly declarations
16 under penalty of perjury on forms provided by the Board, stating whether there has been
17 compliance with all the conditions of probation.

19 of the preceding quarter.

20 10. GENERAL PROBATION REQUIREMENTS.

21 Compliance with Probation Unit

22 Respondent shall comply with the Board's probation unit and all terms and conditions of
23 this Decision.

24 Address Changes

25 Respondent shall, at all times, keep the Board informed of Respondent's business and
26 residence addresses, email address (if available), and telephone number. Changes of such
27 addresses shall be immediately communicated in writing to the Board or its designee. Under no
28 circumstances shall a post office box serve as an address of record, except as allowed by Business

1 and Professions Code section 2021(b).

2 Place of Practice

3 Respondent shall not engage in the practice of medicine in Respondent's or patient's place
4 of residence, unless the patient resides in a skilled nursing facility or other similar licensed
5 facility.

6 License Renewal

7 Respondent shall maintain a current and renewed California physician's and surgeon's
8 license.

9 Travel or Residence Outside California

10 Respondent shall immediately inform the Board or its designee, in writing, of travel to any
11 areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty
12 (30) calendar days.

13 In the event Respondent should leave the State of California to reside or to practice
14 Respondent shall notify the Board or its designee in writing 30 calendar days prior to the dates of
15 departure and return.

16 11. INTERVIEW WITH THE BOARD OR ITS DESIGNEE. Respondent shall be
17 available in person upon request for interviews either at Respondent's place of business or at the
18 probation unit office, with or without prior notice throughout the term of probation.

19 12. NON-PRACTICE WHILE ON PROBATION. Respondent shall notify the Board or
20 its designee in writing within 15 calendar days of any periods of non-practice lasting more than
21 30 calendar days and within 15 calendar days of Respondent's return to practice. Non-practice is
22 defined as any period of time Respondent is not practicing medicine in California as defined in
23 Business and Professions Code sections 2051 and 2052 for at least 40 hours in a calendar month
24 in direct patient care, clinical activity or teaching, or other activity as approved by the Board. All
25 time spent in an intensive training program which has been approved by the Board or its designee
26 shall not be considered non-practice. Practicing medicine in another state of the United States or
27 Federal jurisdiction while on probation with the medical licensing authority of that state or
28 jurisdiction shall not be considered non-practice. A Board-ordered suspension of practice shall

1 not be considered as a period of non-practice.

2 In the event Respondent's period of non-practice while on probation exceeds 18 calendar
3 months, Respondent shall successfully complete a clinical training program that meets the criteria
4 of Condition 18 of the current version of the Board's "Manual of Model Disciplinary Orders and
5 Disciplinary Guidelines" prior to resuming the practice of medicine.

6 Respondent's period of non-practice while on probation shall not exceed two (2) years.

7 Periods of non-practice will not apply to the reduction of the probationary term.

8 Periods of non-practice will relieve Respondent of the responsibility to comply with the
9 probationary terms and conditions with the exception of this condition and the following terms
10 and conditions of probation: Obey All Laws; and General Probation Requirements.

11 13. COMPLETION OF PROBATION. Respondent shall comply with all financial
12 obligations (e.g., restitution, probation costs) not later than 120 calendar days prior to the
13 completion of probation. Upon successful completion of probation, Respondent's certificate shall
14 be fully restored.

15 14. VIOLATION OF PROBATION. Failure to fully comply with any term or condition
16 of probation is a violation of probation. If Respondent violates probation in any respect, the
17 Board, after giving Respondent notice and the opportunity to be heard, may revoke probation and
18 carry out the disciplinary order that was stayed. If an Accusation, or Petition to Revoke Probation,
19 or an Interim Suspension Order is filed against Respondent during probation, the Board shall have
20 continuing jurisdiction until the matter is final, and the period of probation shall be extended until
21 the matter is final.

22 15. LICENSE SURRENDER. Following the effective date of this Decision, if
23 Respondent ceases practicing due to retirement or health reasons or is otherwise unable to satisfy
24 the terms and conditions of probation, Respondent may request to surrender his or her license.
25 The Board reserves the right to evaluate Respondent's request and to exercise its discretion in
26 determining whether or not to grant the request, or to take any other action deemed appropriate
27 and reasonable under the circumstances. Upon formal acceptance of the surrender, Respondent
28 shall within 15 calendar days deliver Respondent's wallet and wall certificate to the Board or its

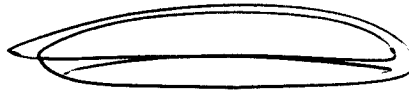

1 designee and Respondent shall no longer practice medicine. Respondent will no longer be subject
2 to the terms and conditions of probation. If Respondent re-applies for a medical license, the
3 application shall be treated as a petition for reinstatement of a revoked certificate.

4 16. PROBATION MONITORING COSTS. Respondent shall pay the costs associated
5 with probation monitoring each and every year of probation, as designated by the Board, which
6 may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of
7 California and delivered to the Board or its designee no later than January 31 of each calendar
8 year.

3. This Accusation is brought before the Medical Board of California (Board), Department of Consumer Affairs, under the authority of the following laws. All section references are to the Business and Professions Code unless otherwise indicated.

Section 2004 provides that the Board is responsible for the administration and hearing of disciplinary actions involving enforcement of the Medical Practices Act (section 2000 et seq.) and the carrying out of disciplinary action appropriate to findings made by a medical quality review committee, the Board, or an administrative law judge, with respect to the quality of medical practice by Physician's and Surgeon's Certificate holders.

9. Section 2266 of the Code provides that the failure of a physician and surgeon to maintain adequate and accurate records relating to the provision of patient services constitutes unprofessional conduct.

CAUSE FOR DISCIPLINE

(Unprofessional Conduct: Gross Negligence, Repeated Negligent Acts, Incompetence, Excessive Prescribing, Inadequate Records)

10. Respondent's records indicate that she first saw patient S.H.¹, then 42-years-old, in July 2009, while Respondent was a resident at San Francisco General Hospital. S.H. became her patient after an attending physician refused to see S.H., because he believed that she had stolen a prescription. Respondent treated her for chronic back pain in her lower back, knees, and shoulder.

11. After Respondent completed her residency, S.H. sought treatment from other providers at the residency clinic. S.H. experienced difficulties obtaining narcotics, and a clinical alert was placed in her hospital chart, forbidding the prescription of controlled substances except in acute situations.

12. S.H. again sought care from Respondent at her first post-residency position, at the Lyon Martin Women's Health Center, beginning in January 2011. Respondent worked here from July 2010 to June 2012. Respondent continued to treat S.H. at her next position at the Washington Township Medical Group, where she worked from July 2012 to November 2012.

¹ Patient names are abbreviated to protect patient privacy. Respondent will have the opportunity to identify the patient and to obtain the records of the investigation during discovery.

1 13. Under Respondent's care, S.H. received multiple prescriptions for controlled
2 substances, including but not limited to clonazepam, a benzodiazepine, carisoprodol, and the
3 following narcotics: Oxycontin, Oxycodone, short acting Oxycodone IR (immediate-release), and
4 Opana ER (extended-release).² During the three years that Respondent cared for S.H., her opioid
5 dose was continually escalated.

6 14. In September 2012, two of Respondent's patients requested narcotics prescription
7 refills. Respondent was unavailable, so a colleague responded to the requests. While reviewing
8 the patients' files, the physician noticed some irregularities in her prescribing of controlled
9 substances (detailed below). Later, in October 2012, a colleague of Respondent's saw S.H.,
10 declined to fill her prescriptions, and offered immediate referral to an in-patient detoxification
11 and rehabilitation program. The physician documented "narcotic abuse" by S.H.

12 15. In November 2012, an internal investigation was conducted into possible
13 overprescribing by Respondent, and she was immediately suspended from work. Respondent
14 resigned a few days later. After Respondent left Washington Township Medical Group, she
15 discontinued her relationship with S.H.

16 16. On March 9, 2013, S.H. died from a drug overdose. The coroner reported S.H.'s
17 immediate cause of death as "acute intoxication with multiple drugs including methadone,
18 morphine and oxycodone."

19 17. Respondent is guilty of unprofessional conduct under sections 2234(b) and/or 2234(c)
20 and/or 2234(d) in that Respondent was grossly negligent and/or repeatedly negligent and/or
21 incompetent in her treatment of S.H., based upon but not limited to the following:

22 A. Respondent repeatedly prescribed clearly excessive amounts of opioids to S.H. When
23 S.H. began seeing Respondent in 2009, she was taking approximately 1,110
24 milliequivalents of morphine per day. By 2012, S.H. was taking approximately 3,690
25 morphine milliequivalents per day. Respondent increased S.H.'s doses despite a lack

28 (extended-release) are narcotics and schedule II controlled substances as defined by section
11055 of the Health and Safety Code.

1 of clear treatment objectives, despite S.H.'s extensive history of and continued
2 aberrant behaviors, and without a documented consultation with a pain specialist.

3 B. Respondent failed to take into consideration in her prescribing to S.H. the extensive
4 history of S.H.'s aberrant behaviors, documented in her medical records, which
5 included the following:

- 6 • Several instances of S.H. requesting more narcotics after claiming that her
7 medication had been seized by the police or stolen;
- 8 • S.H.'s admitted use of extra medication from family members;
- 9 • S.H.'s past incarceration for possessing controlled substances not prescribed to
10 her;
- 11 • Multiple instances of S.H. making after-hours phone calls and unplanned visits
12 to the emergency room and doctor's offices with the intent to obtain more pain
13 medication, and with accompanying displays of aggressive behavior.
- 14 • S.H.'s hospitalization in 2008 for an overdose;
- 15 • Numerous instances of S.H. obtaining early refills from multiple providers; and
16 • A history of illicit substance abuse while concurrently using controlled
17 substances, including a urine screen positive for cocaine in 2006.

18 C. Respondent prescribed multiple controlled substances of different classes to S.H., a
19 patient with a known addictive illness and who was at a high risk for addictive illness,
20 and she did so without a documented consultation with an addiction specialist.

21 D. Respondent prescribed long-acting narcotics, such as Oxycontin, while she knew S.H.
22 to also be receiving methadone from drug addiction clinics, and Respondent failed to
23 initiate and continue coordination of S.H.'s concurrent use of methadone with her
24 narcotics prescriptions.

25 E. Respondent failed to conduct an adequate history and physical examination of S.H.
26 Respondent's histories and physical exams of S.H. included very little and most often
27 no assessment of the patient's complaints. Also there was in most cases no
28 musculoskeletal or other exam focusing on the patient's specific pain complaints.

- 1 F. Respondent failed to document a treatment plan for S.H. with a clear rationale and
2 specific objectives, tailored to the individual needs of S.H. Respondent did not
3 document improvement in S.H.'s physical or psychosocial function. Likewise,
4 Respondent failed to document a rationale for increases or changes in medication.
- 5 G. Respondent failed to take into consideration in her prescribing to S.H. a 2010 pain
6 consultation. The consultation documented extensive aberrant behaviors by S.H. in
7 2009 and 2010, including 23 early refills from 16 different providers, taking a primary
8 care provider's secure prescription pad in 2009, and multiple drug screens positive for
9 morphine (when S.H. was not being prescribed morphine). The consultation
10 concluded that S.H. had an addiction to opioids and benzodiazepines and that
11 "medication misuse, either via diversion or addiction, [was] virtually certain."
- 12 H. Respondent failed to take into consideration in her prescribing to S.H. a 2007
13 psychiatric evaluation of S.H. that determined that S.H. suffered from multiple mental
14 health issues and was dependent on opioids.
- 15 I. Respondent continued to prescribe controlled substances to S.H., despite S.H.'s
16 extensive non-compliance with treatment directives as noted above, and also including
17 several urine drug screens positive for medications not prescribed and failure to follow
18 through with psychiatry recommendations while at Lyon Martin.
- 19 J. Respondent failed to make and to document a sufficient effort to taper S.H. off of her
20 continued narcotic medications, to place S.H. in addiction treatment, or to develop or
21 encourage a multidisciplinary treatment plan for S.H.'s chronic pain that included non-
22 medication approaches.

23 18. Respondent is guilty of unprofessional conduct under sections 725 and 2242 of the
24 Code in that Respondent inappropriately and excessively prescribed multiple high doses of
25 narcotics and other controlled substances to S.H. without documenting objective findings
26 supporting such prescriptions, without a treatment plan, and without adequate periodic review of
27 the efficacy of the medication regimen.

1 19. Respondent is guilty of unprofessional conduct under section 2266 of the Code in that
2 she failed to maintain adequate records for S.H., including failing to maintain progress notes.
